

BATTERY SUPER MINI MILLER

Powerful, Efficient, Mobile, & Eco-Friendly

The Picote Mini Miller has long been a trusted name synonymous with reliability, efficiency, and power. While the new Battery Super Mini Miller version does run off a long-lasting battery, it's much more than just a battery-powered version of its predecessor. It is loaded with new features like an electronic clutch, stepless speed control, and a dedicated motor to make it more powerful, efficient, mobile, and eco-friendly.

It makes quick work of cleaning, descaling, and removing roots in DN50-100 pipes and for reinstatements in DN50-75 pipe. Pair it with the Picote Mini Coating Pump for coating in DN50-150 pipes as well.

USES AND BENEFITS

- **Flexible:** Navigates 90° bends.
- **High Speed/High Torque:** 550-2200 rpm.
- **Dedicated Motor:** Optimized for increased power matched with better clutch engagement precision to create perfectly balanced performance.
- **Stepless Speed Control:** Seamless speed adjustment whether you need raw power for stubborn blockages or finesse for delicate operations, control is at your fingertips.
- **Electronic Clutch:** Automatically disengages the drive if you encounter resistance beyond its set limit. It's not just about preventing damage; it's about giving you peace of mind.
- **What does the Battery Give You?**
 - **Mobility:** Liberates you from the constraints of power cords, giving you the freedom to work in remote or hard-to-reach locations.
 - **Efficiency:** No more time wasted searching for power outlets or running extension cords. Just efficient uninterrupted work for 3+ hours.
 - **Safety:** By eliminating the need for power cords, there is less risk of trips and falls.
 - Conveniently charge battery even during use.
 - No need for a transformer in the UK.
- +C Camera version or upgrade available.

Technical Specifications

Technical Specifications	
Pipe Size Ranges	
Cleaning	DN50-100
Cutting	DN50-75
Coating	DN50-150
Shaft	
Usable Length	16m (optional 10m extension)
Shaft Size	8mm
Casing Type	Thick
Speed (RPM)	550-2200 (stepless speed control)
Power	EU: 220/230V, 16 Amp UK/US: 110/120V, 15 Amp
Weight	33kg w/o battery
Battery Weight	Standard Output: 3.5kg (3hrs) High Output: 4.1kg* (4hrs)
Size	740x519x404mm
Safety	Protective outer shaft casing, operator presence foot control, electric clutch, & E-stop.

*High Output Battery upgrade sold separately.
